

**INTERNATIONAL FORUM**  
**«NORTH CAUCASUS: NEW GEOSTRATEGIC OPPORTUNITIES»**

**October 04-05, 2024**

The third millennium was marked by the dismantling of the previously existing model of political structure, the emergence of a new global world order, new actors and centers of power. Modern society sets new geostrategic guidelines that determine the directions of development of economic, cultural and humanitarian ties between Russia, the countries of the Middle East, Asia and Africa. A special role in the development of these relations is played by the North Caucasus, which is located in the center of this space and occupies an advantageous strategic position at this busy "crossroads" of interaction. Throughout history, the North Caucasus has been an arena of struggle and a platform for the implementation of military-strategic, economic interests, the dissemination of cultural and value systems. Traditionally, possession of this region ensured control over the space of the western Caspian and eastern Black Sea regions. Today, in the context of a changing world order, further development of relations between Russia and the countries of the Middle East and the African continent is carried out in three key areas: 1) the formation of a fair and stable world order; 2) economic cooperation; 3) humanitarian cooperation. The North Caucasus, acting as a territory of cultural interaction and a kind of outpost and showcase of Russia for non-Western development, for the turn to the East, has significant resources for ensuring a trusting dialogue with the countries of the East and Africa.

The International Forum "North Caucasus: New Geostrategic Opportunities" is a space for discussing the possibilities of using the competitive potential of the North Caucasus regions for integration into the world system.

The forum focuses on issues of spatial growth, infrastructure development, tourism and logistics industries, and personnel reserve.

The organizer of the forum is the North Caucasus Institute - a branch of RANEPА, the strategic partners are the Office of the Plenipotentiary Representative of the President of the Russian Federation in the North Caucasus Federal District, the Public Chamber of the Russian Federation.

**October 04, 2024**
